Our humble (cup) beginnings

In 2009 we started to import disposable paper cups for various contract clients. Since then we've grown tremendously, expanding to distribute to vendors and wholesalers alike.

It was 2012 when we realised our first expansion into the compostable and biodegradable packaging forms. We were very excited about this. We still are. Much research has been done since and all our products are made with patented technologies ensuring only the best gets delivered.

Our promise is to provide consistent delivery of high quality products to the South African market and beyond. We seamlessly supply single-use packaging, including an impressive variety of biodegradable alternatives made from renewable and sustainable resources to meet the changing market.

*Jurjen
Sjouerman*

Know your materials

It's pretty simple. Almost* all of our products are available to order in varying levels of eco-friendliness.

We've made this cool diagram to help you keep track and make the decision best for you.

*Certain products are an exception. Contact us for any queries.

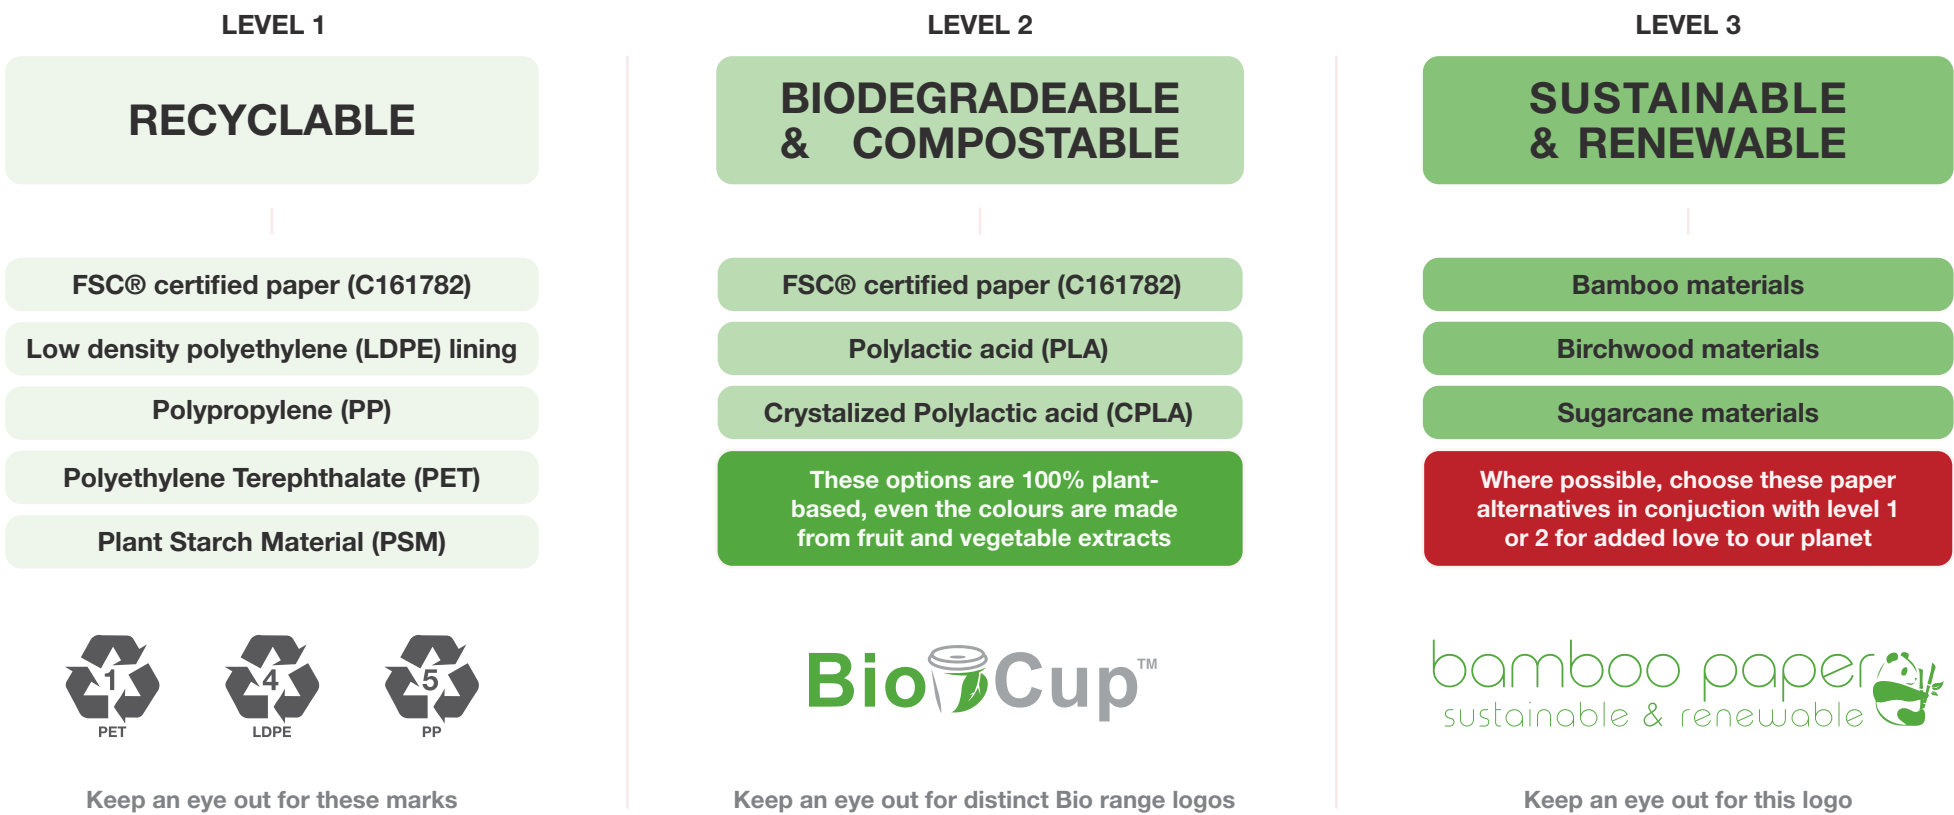

For quick reference

RECYCLABLE	A mixture of tree-based paper as well as chemical-based plastic
BIODEGRADABLE & COMPOSTABLE	A mixture of tree-based paper as well as plant-based plastics
SUSTAINABLE & RENEWABLE	Highly sustainable and renewable paper alternatives

THE MAJORITY OF OUR PRODUCTS*

ARE AVAILABLE IN A COMBINATION OF THREE LEVELS OF ECO-FRIENDLINESS

MARINE-SAFE PRODUCTS

Presently, all above materials are not marine degradable and should not be disposed in the ocean.

3 layers of uncoated paper

Here at **CapeCup** we offer a marine degradable straw option, safe for the penguins, turtles, and fish.

Keep an eye out for this logo

CERTIFICATIONS

WE ARE CERTIFIED TO THE FOLLOWING STANDARDS

Cape Cup is committed to innovation, sustainability and education, which is why we take great effort in sourcing eco-friendly raw materials, certifying the integrity of our products and empowering our clients with information.

*Certain products are an exception. Contact us for any queries.
